

The 200 MPS™ Series Control Panels

The Contractor's Choice for Basic Zoning Applications

The 202 and the 203 MPS™ are rock-solid Zone Control Panels. They are standard platforms for those simple jobs where **quality and price are the primary concern**. The MPS™ systems work with all of Arzel's quiet and reliable air-driven dampers.

Features

- ◆ 2 or 3 zones
- ◆ Use any standard thermostat
- ◆ Static-pressure operated bypass damper available
- ◆ Single-stage heating & cooling
- ◆ Compatible with two stage equipment that have second stage timers
- ◆ Heat Pump Compatible
- ◆ Fresh-air intake systems
- ◆ Slave zones may be added
