

200 MPS[®] Series Control Panel Technical Specification Sheet

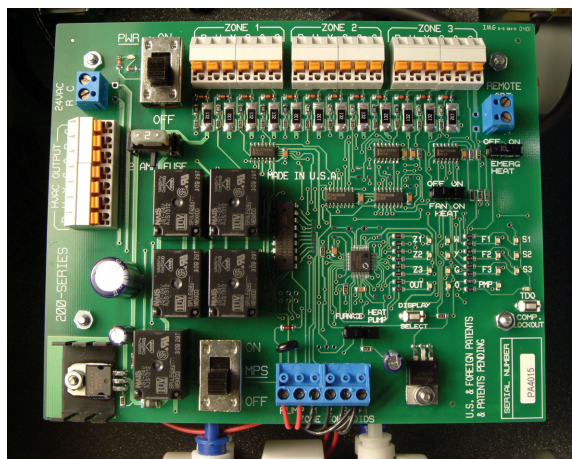

The 200 MPS series are solid, proven, basic zoning panels for those jobs that don't require Leaving Air Temperature controls and are not utilizing an automatic bypass. Single stage and heat pump compatible.

Available configurations and part numbers

Part Number	Configuration	Weight (lbs.)	Dimensions
PAN-00202	2-zone panel	8.45	10 5/16" x 10 3/8" x 4 1/8"
PAN-00202MP	2-zone panel w/ ModuPASS [™]	8.45	10 5/16" x 10 3/8" x 4 1/8"
PAN-00203	3-zone panel	8.6	10 5/16" x 10 3/8" x 4 1/8"
PAN-00203MP	3-zone panel w/ ModuPASS [™]	8.6	10 5/16" x 10 3/8" x 4 1/8"

200 MPS[®] Panel

200 MPS[®] Board

Panel Features

- 2 or 3 zones
- Use any standard thermostat
- Static-pressure operated bypass damper available
- Single-stage heating & cooling
- Compatible with two stage equipment that have second stage timers
- Heat Pump Compatible
- Fresh-air intake systems
- Slave zones may be added
