

## Duct Sleeves

### Product Overview

Pre-cut duct sleeves make a simple Arzel® installation even easier. They're ideal for flex duct applications, but can cut your installation labor hours and costs down on many other applications as well!

### Features & Benefits

- Made from 26 gauge sheet metal
- Damper access slot pre-cut for ease of damper installation
- Snap-lock ductwork
- Crimped on one end for easy insertion into existing takeoff
